Principles of Dental Imaging

Dec 31 2019 This new edition

successfully combines elements of radiographic technique with

interpretation information for readers. Five sections cover the concepts of radiologic imaging, radiographic techniques and procedures, special imaging techniques, radiation health, and assessment and interpretation. Based on the Oral and Maxillofacial Radiology guidelines published by the American Association of Dental Schools, this unique book features numerous high-quality photographs, radiographs, and line drawings. New information on digital radiography, radiation health, periodontal disease, and image assessment is included, as well as chapter review questions, case-based questions, and workshop and laboratory

exercises. To help readers prepare for certification, sample multiple-choice and case-based questions for the National and State Board Certification Examinations are also included.

9/11 Ten Years Later Sep 07 2020 On the tenth anniversary of the September 11, 2001 terrorist attacks, David Ray Griffin reviews the troubling questions that remain unanswered 9/11 Ten Years Later is David Ray Griffin's tenth book about the tragic events of September 11, 2001. Asking in the first chapter whether 9/11 justified the war in Afghanistan, he explains why it did not. In the following three chapters, devoted to the

destruction of the World Trade Center, Griffin asks why otherwise rational journalists have endorsed miracles (understood as events that contradict laws of science). Also, introducing the book's theme, Griffin points out that 9/11 has been categorized by some social scientists as a state crime against democracy. Turning next to debates within the 9/11 Truth Movement, Griffin reinforces his claim that the reported phone calls from the airliners were faked, and argues that the intensely debated issue about the Pentagon—whether it was struck by a Boeing 757—is quite unimportant. Finally, Griffin suggests that the basic

faith of Americans is not Christianity but "nationalist faith"—which most fundamentally prevents Americans from examining evidence that 9/11 was orchestrated by U.S. leaders—and argues that the success thus far of the 9/11 state crime against democracy need not be permanent.
