The first step in reclaiming the protections of the Constitution, says Chemerinsky, is to recognize that right-wing justices are imposing their personal prejudices, not making neutral decisions about the scope of the Constitution, as they claim, or following the "original meaning" of the Constitution. Only then do we stand a chance of reclaiming our constitutional liberties from a rigid ideological campaign that has transformed our courts and our laws. Only then can we return to a constitutional law that advances freedom and equality.

Sexual Assault in Canada Dec 23 2021 Sexual Assault in Canada is the first English-language book in almost two decades to assess the state of sexual assault law and legal practice in Canada. Gathering together feminist scholars, lawyers, activists and policy-makers, it presents a picture of the difficult issues that Canadian women face when reporting and prosecuting sexual violence. The volume addresses many themes including the systematic undermining of women who have been sexually assaulted, the experiences of marginalized women, and the role of women's activism. It explores sexual assault in various contexts, including professional sports, the doctor-patient relationship, and residential schools. And it highlights the influence of certain players in the reporting and litigation of sexual violence, including health care providers, social workers, police, lawyers and judges. Sexual Assault in Canada provides both a multi-faceted assessment of the progress of feminist reforms to Canadian sexual assault law and practice, and articulates a myriad of new ideas, proposed changes to law, and inspired activist strategies. This book was created to celebrate the tenth anniversary of Jane Doe's remarkable legal victory against the Toronto police for sex discrimination in the policing of rape and for negligence in failing to warn her of a serial rapist. The case made legal history and motivated a new generation of feminist activists. This book honours her pioneering work by reflecting on how law, legal practice and activism have evolved over the past decade and where feminist research and reform should lead in the years to come.

Closing the Justice Gap for Adult and Child Sexual Assault Jan 24 2022 This book examines the justice gap and trial process for sexual assault against both adults and children in two jurisdictions: England and Wales and New South Wales, Australia. Drawing on decades of research, it investigates the reality of the policing and prosecution of sexual assault offences – often seen as one of the 'hardest crimes to prosecute' – across two similar jurisdictions.

Despite the introduction of the many reform options detailed in the book, satisfactory outcomes for victims and the public are still difficult to obtain. Cossins takes a new approach by examining the nature and effects of adversarialism on vulnerable witnesses, jury decision-making and the structures of power within the trial process, to show how, and at what points, that process is weighted against complainants of sexual assault, in order to make evidence-based suggestions for reform. She argues that this justice gap is a result of a moralistic adversarial culture which fosters myths and misconceptions about rape and child sexual assault, thus requiring the prosecution to prove a complainant's moral worthiness. She argues this culture can only be eliminated by a radical replacement of the adversarial system with a trauma-informed system. By reviewing the relevant psychological literature, this book documents the triggers for re-traumatisation within an adversarial trial, and discusses the reform measures that would be necessary to transform the sexual assault trial from one where the complainant's moral worthiness is 'on trial' to a fully functioning trauma-informed system. It speaks to students and academics across subjects including law, criminology, gender studies and psychology, and practitioners in law and victim services, as well as policy-makers.

Assault with Intent Oct 09 2020 "Kienzle's are the best books ever written about a cleric and among the best of everything in the past quarter century." —Otto Penzler, in *Mystery Magazine* "There are few authors whose books a reader anticipates from the moment he finished the last effort. . . . Add William Kienzle to the list." —Dallas Times Herald "Father Koesler is on the case, thank God." —Baltimore Sun In the fourth Father Koesler thriller, William X. Kienzle proved his versatility. Assault with Intent combines raucous humor with the same clever plotting and strong characterization that are his trademark. Murphy's Law seems to be the only force preventing four arcane conspirators from accomplishing their murderous plans to assassinate priests teaching in Detroit's seminaries. Incredibly, each of their attacks is thwarted by strange coincidence and ineptitude until they finally succeed—or do they? Father Robert Koesler, the crime-solving hero of Kienzle's mysteries, is drawn into the case first as a concerned friend of the intended victims and then as a target himself. Inspector Walter Koznicki returns to investigate for the Detroit police department and reporters Joe Cox and Pat Lennon continue their romance amid the rivalry of their two newspapers, the Detroit News and Free Press. Who is responsible for this series of assaults? A disgruntled seminary student who has gone too far? The dangerously fanatical leader of a secretive arch-conservative Catholic society? Another priest? There are far too few clues and too many possibilities. And when a zany crew of movie-makers arrives from Hollywood to film the story before the crime itself is solved, Assault with Intent becomes a three-ring circus of mystery and slapstick.
