Krondor: the Assassins Aug 01 2022 Fresh back from the front, another foe defeated, Prince Arutha arrives to find all is not well in Krondor. A series of apparently random murders has brought an eerie quiet to the city. Where normally the streets are bustling with merchants and tricksters, good life and night life, now there seems to be a self-imposed curfew at sundown. Mutilated bodies have been turning up in the sewers, the Mockers' demense. The Thieves' Guild has been decimated men, women, children, it matters not. The head of the Mockers is missing, presumed dead. Those few who survived the terrible attacks are lying low. Very low. The Crawler, it seems, is back in town. And he's being helped by others, more ruthless than he. Can it be the Nighthawks again? The Prince enlists his loyal Squire James to find out. If anyone can unravel what's happening in the bowels of Krondor, he can. He knows the

sewers like the back of his hand. After all, as Jimmy the Hand, he grew up there. Meanwhile, the retinue of the Duke of Olasko has arrived suddenly at the palace, a week ahead of schedule but with no apologies and many demands. They say they are here to hunt. But to hunt what. Pug's son William, on his first posting as a knight-lieutenant, must escort them into the wilds. It should have been a straightforward mission.

And so he commissions his most trusted agent, Squire James--formerly the thief known as "Jimmy the Hand"--to discover the source of the deadly epidemic. The answers seem to lie far beneath the streets in the dank depths of Krondor, where a terrible war rages in secret between two rival criminal gangs: those who call themselves "Mockers" and others in the thrall of a mysterious being known as "The Crawler." But the deeper the Squire delves, the closer he gets to the true nature of the horror that has left untold dead in its wake. And unless James can prevent one last, unthinkable slaying, the nightmare forces of corruption and deceit will destroy his liege and reduce his beloved Krondor to ruins.

Led by the conjurer Laromendis, they are fleeing the relentless demon hordes that are sweeping through their galaxy and destroying the elves' vast empire planet by planet. Only by escaping to Midkemia and brutally overtaking the war-weary world can the last remnants of a mighty civilization hope to survive . . . if the Dread Legion does not pursue them through the rift. The magician Pug, Midkemia's brave and constant defender, is all too familiar with the Demon King Maarg and his minions and their foul capacity for savagery and horror, and he recognizes the even graver threat that is following on the heels of the elven invasion. The onslaught to come will dwarf every dire catastrophe his imperiled world has previously withstood, and there is no magical champion in all of Midkemia powerful enough to prevent it. Only one path remains for Pug and Midkemia's clandestine protectors, the Conclave of Shadows: forging an alliance of formidable magical talents, from the demon-dealing warlock Amirantha, brother of Pug's hated foe, and the demon-taming cleric Sandreana, to the elven

Queen Miranda, to the warrior Tomas. However, uniting enemies and bitter, vengeful former lovers will be no easy task, and even together they may ultimately be unable to turn the death tide. But a failure to do so will most certainly ensure Midkemia's doom.
