General Index, L-Z** Mar 02 2020 Published in two parts, the General Index of all Washington descendants and their spouses completes a ten-volume history that traces the "Presidential Line" of the Washington family in America. Volume one began with the immigrant John Washington who settled in Westmoreland County, Va., in 1657, married Anne Pope, and became the great-grandfather of President George Washington. It contained the record of their descendants for a total of seven generations. Subsequent volumes two through eight continued this family history for an additional eight generations, also highlighting most notable members (volume two) and tracing lines of descent from the royalty and nobility of England and continental Europe (volume three). Volume nine treated in detail the recently discovered line of William Wright (died in Franklin County, Va., ca. 1809). It also provided briefer accounts of five other Southern Wright families that have often been mentioned by researchers as close kinsmen of George Washington. ADVANCE PRAISE "At long last the Washingtons have a published history worthy of their place in history. Glenn has done a masterful job. . . . I am convinced that his work will be of wide interest to historians and academics as well as members of the Washington family itself. Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century, it is surprising that no comprehensive family history has been published. Justin M. Glenn's *The Washingtons: A Family History* finally fills this void for the branch to which General and President George Washington

belonged, identifying some 63,000 descendants. This is truly a family history, not a mere tabulation of names and dates, providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County, Virginia, in 1657." — John Frederick Dorman, editor of *The Virginia Genealogist* (1957-2006) and author of *Adventurers of Purse and Person* "Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible. Dr. Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail—many of them Confederates of interest and importance." — Robert K. So when her dizzy mother-in-law, Laurel, made a surprise visit to Broward's Rock Island, Annie thought it would be a perfect excuse to skip the party. She should have known better: True to form, Laurel accepted the invitation for all three of them. But the biggest surprise of all came at the party's end, when Annie found the amorous hostess in the gazebo--murdered. **Yorkshire Journal** Aug 07 2020 **Prugh Genealogy, 1705-1973** Oct 21 2021 "Conrad is said to have been the only child of Jacob Bruch, who arrived from Europe at Philadelphia between 1720 and 1725 ... Conrad was born November 29, 1742" at Trappe,

Pennsylvania. "Conrad Prugh's name was really Conrad Bruch." *The Universe Is Expanding and So Am I* Jun 28 2022 "[Mackler's] teens feel lived in to me--smart, observant, but realistic in terms of their insecurities and limitations. I particularly appreciate the candid and non-judgmental way she depicts teen sensuality and female desire . . . Much to discuss here in the age of #metoo." -- Gabrielle Zevin, *New York Times* bestselling author From Carolyn Mackler, author of the Printz Honor-winning *The Earth, My Butt, and Other Big Round Things*, comes a story of what happens when the "happily ever after" turns out to be less than perfect. It's been five months since sixteen-year-old Virginia Shreves thought her life was finally back on course: she has come to terms with who she is both inside and out, and she's even started to rebuild her relationship with her older brother Byron, whose date-rape charge completely shattered everything. But just as she's getting used to the new normal, Virginia's world turns upside down again. Sparks with boyfriend Froggy Welsh the Fourth fade, her best friend Shannon bombshells bad news, and then the police arrest Byron. As Virginia struggles to cope, she meets Sebastian, an artist with his own baggage. The pair make a pact not to share their personal dramas. But secrets have a way of coming out, and theirs have the potential to ruin everything. In this follow-up to the acclaimed *The Earth, My Butt, and Other Big Round Things*, Carolyn Mackler brings Virginia's story satisfyingly full circle in a hope-filled tale of forgiveness, love, friendship, and the beauty in life's imperfections. **365 Ways to Boost Your Brain Power** Nov 09 2020 An apple a day doesn't just keep the doctor away, it can also improve memory. John P. Slough Apr 14 2021 John Potts Slough, the Union commander at the Battle of Glorieta Pass, lived a life of relentless pursuit for success that entangled him in the turbulent events of mid-nineteenth-century America. As a politician, Slough fought abolitionists in the Ohio legislature and during Kansas Territory's fourth and final constitutional convention. He organized the 1st Colorado Volunteer Infantry after the Civil War broke out, eventually leading his men against Confederate forces at the pivotal engagement at Glorieta Pass. After the war, as chief justice of the New Mexico Territorial Supreme Court, he struggled to reform corrupt courts amid the territory's corrosive Reconstruction politics. Slough was known to possess a volcanic temper and an easily wounded pride. These traits not only undermined a promising career but ultimately led to his death at the hands of an aggrieved political enemy who gunned him down in a Santa Fe saloon. Recounting Slough's timeless story of rise and fall during America's most tumultuous decades, historian Richard L. Miller brings to life this extraordinary figure.

Love and Other Four-Letter Words Jul 06 2020 With her parents splitting up, 16-year-old Sammie Davis may not want to feel a thing, but feelings happen. For starters, she's plenty angry. Her dad's leaving their upstate New York home and moving clear across the country. Her mother—well, she's packing up and relocating to New York City with Sammie, who has no say about any of it. Overnight Sammie is forced to deal with change. And one change spawns another: Roles get reversed, old and new friendships tested, and sexual feelings awakened. It's a scary time. But as Sammie realizes that things can't stay the same forever, that even the people she loves and trusts the most can disappoint her, she begins to accept that change isn't always bad. It's how you cope, jumbled feelings and all, that counts. And as she copes, Sammie's sense of self emerges proud and strong.

Nor does it involve lusting after her boss or dreaming about grilled cheese sandwiches every night. What does a control freak like Mara do when things start spinning wildly out of control? With insight, authenticity, and a healthy dose of humor, Carolyn Mackler creates an evolving Type A heroine that every reader will recognize - and root for.

Nobody's Valentine Sep 19 2021 "Valentine Alexa Leeper was born in Melbourne on Valentines Day, 1900, the daughter of Alexander Leeper (1848-1934), the brilliant but argumentative first Warden of Trinity College. Her long life might seem unremarkable: she

lived simply in the family's Victorian suburban home, neither marrying nor travelling overseas, and was regarded by many as an eccentric, at times tiresome, blue-stocking. The hoard of letters Valentine Leeper wrote and received over nearly a century reveals her, however, as a remarkable woman. The letters also provide an intimate view of issues, great and small, of the turbulent twentieth century, through the eyes of a clear-minded observer. Valentine publicly condemned racism and any curtailing of freedom of speech, and extensively supported refugees and the rights of Aborigines and women. Like many women of her time and background, she was an active member of a network seeking social justice, but remained always her own person. At once a staunch traditionalist, and ahead of her time, she was a truly liberated woman"--Provided by publisher.

The Saint Valentine's Day Murders May 04 2020 "The plotting and the mechanics of the solution are in the best traditions of the classic British mystery...Try not to miss this one."

—New York Times Life in a dismal bureaucratic cul-de-sac is not what Robert Amiss expects when the British civil service lends him for a year to the British Conservation Corporation. In

fact, he finds himself condemned to a non-job in a backwater, managing disgruntled and demoralized timeservers who deeply resent him. Morale is not improved by the arrival of Melissa, a radical feminist lesbian separatist. Only Amiss's sense of humour and the joys of visiting Rachel, his new love in Paris, keep him sane. The malice, envy and anger that burgeons among the filing cabinets is first expressed in pettiness and then in unpleasant practical jokes. Then it escalates and finally culminates in callous murder by means of boxes of poisoned chocolates sent to the bureaucrats' wives. With the help of Ellis Pooley, a young detective obsessed with fictional sleuths, Amiss and his friend, Superintendent Milton, search for motives in an office where marital discord and broken dreams might drive anyone to murder.
