**Asian Tofu** Jun 28 2022 From sleek, silken tofu with delicate toppings to piping-hot fried

satchels in a robust sauce, tofu provides a versatile canvas for the intricate flavors and textures that Asian and vegetarian cooks have long enjoyed. America has embraced tofu as a healthy, affordable ingredient. And while it has been welcomed into sophisticated mainstream dining, tofu is often hidden in Western guises and in limited applications. In her third intrepid cookbook, celebrated food writer and teacher ANDREA NGUYEN aims to elevate this time-honored staple to a new place of prominence on every table. *Asian Tofu's* nearly 100 recipes explore authentic, ancient fare and modern twists that capture the culinary spirit of East, Southeast, and South Asia. There are spectacular favorites from Japan, Korea, Thailand, Singapore, and India, as well as delicious dishes from Taipei, San Francisco, Santa Monica, and New York. Andrea demystifies tofu and interprets traditional Asian cuisine for cooks, sharing compelling personal stories and dispatches from some of the world's best tofu artisans along the way. For those who want to take their skills to the next level, the tofu tutorial clearly outlines tofu-making technique, encouraging readers to experiment with the unparalleled flavors of homemade varieties. But time-pressed cooks needn't fear: while a few recipes, such as Silken Tofu and Seasoned Soy Milk Hot Pot, are truly best with homemade tofu, most are terrific with store-bought products. Some traditional dishes combine tofu with meat in brilliant partnerships, such as Spicy Tofu with Beef and

Sichuan Peppercorn and Tofu with Kimchi and Pork Belly, but this collection is predominantly vegetarian and vegan, including the pristinely flavored Spiced Tofu and Coconut in Banana Leaf and vibrant Spicy Lemongrass Tofu Salad. And innovations such as Okara Doughnuts reveal tofu's more playful side. For health- and eco-conscious eaters and home chefs who are inspired to make the journey from bean to curd, Asian Tofu is the perfect guide.

**A Brief History of a Perfect Future** Oct 09 2020 What if, instead of trying to predict the future, we could just pick the one we want - and then invent it? Well, we can. Think of the wealth of technological resources already available to us. The computing power in that smartphone in your pocket could have guided 120 million Apollo-era spacecrafts to the moon and back. A gigabyte of memory cost \$300,000 in the 1980s - today, it costs a fraction of a penny. Now, try to imagine 2050, when your computing devices will be a million times more powerful or available at one-millionth of today's prices. In this deeply researched and compelling book, the authors do the imagining for you, describing seven so-incredible-as-to-be-almost-magical capabilities that will be available by 2050 in computing, communication, information, genomics, energy, water, and transportation. You may finally get that flying car, have ample water even in a desert, and be treated for disease through microscopic robots in your bloodstream. Drawing on their decades of experience helping major organizations formulate strategies for innovation, the authors demonstrate how to use combinations of those seven capabilities to imagine "perfect" futures, whether that means reversing climate change, resolving today's disinformation crisis, or living 20 years longer. This book paints visions of how the world could - and should - look as we pass the planet on to future generations. We can use

those visions to start inventing a perfect future - today.

despite our insistent (and culturally supported) denial of this truth. The manner in which Csikszentmihalyi integrates research on consciousness, personal psychology and spirituality is illuminating." —Los Angeles Times Book Review The bestselling classic that holds the key to unlocking meaning, creativity, peak performance, and true happiness. woman, she embarked on a dating experiment - to go on twenty first dates, with twenty men, met in twenty different ways. Over the course of a year, Rebecca was almost compromised on the dance floor, stranded in a muddy village and the catcher of a bouquet. She sheltered under a cupcake box, waited nervously in line for results and spent hours trawling profiles on the Internet. She was driven in a rusty car with no floor and chased by an angry granny. She narrowly escaped a squirting tiger and a falling pigeon, attempted to eat a variety of foodstuffs while trying to look attractive, and struggled in and out of her glad rags in the toilets of approximately ten trains to London. She was confused, amused, frustrated and dazzled in equal measure. This is the true story of one woman's determined search for the man of her dreams, with plenty of practical advice on the world of Christian dating.
