Vessel of Wrath Sep 09 2020 "In the long and painful annals of good works," Robert Lewis Taylor begins this dual portrait of a woman and an age. "no name leaps out with more concussive impact than that of Carry Nation." The Pulitzer-prize-winning novelist and biographer tells Nation's whole remarkable story--as well as the story of her turbulent era, raucous with hymn singing and gunfighting, rampant with high ideals and low politics. Carry Nation and her hatchet have long passed into legend, but at the turn of the century, this extraordinary phenomenon was the most discussed woman in the world. She was a force to be reckoned with, fought against, fled from, or fervently admired. Kansas tenaciously survived the Daltons, the James brothers, and Belle Starr, but its marshals, its judges, its rough-and-ready populace had never been called upon to deal with anyone quite like "stand up and fight" Carry Nation. America's most uninhibited crusader was born into a family of oddities. One of her aunts made repeated attempts to convert herself into a weathervane. Carry's mother firmly believed herself to be Queen Victoria. As a child, Carry had "visions"; as an adult, she was sane, if rigorously single-minded, in her determination to reform. She carried her free-swinging campaign against drink, tobacco, sex, the Masonic Lodge, William McKinley, Theodore Roosevelt, and many more, far and wide. Carry Nation swung her hatchet from the brawling Wichita of Wyatt Earp to the Tenderloin of New York, to the halls of Yale and Harvard, to the far corners of America, and overseas to a bemused Old World. Thanks to a masculine bias of the period against shooting women, she not only survived, she thrived to demolish saloons, insult judges, defy sheriffs, and terrorize bartenders. She invaded the most sacred of male preserves--and she inspired women everywhere to revolt. Even today, for readers accustomed to all the varieties of public protest, her exploits can only produce a kind of awed wonder. In magnificently capturing Carry Nation and her world, Robert Lewis Taylor has created a work no lover of true Americana can afford to miss. Marvelously detailed, delightfully witty, this is an altogether spellbinding biography by a major American author.--Adapted from jacket.

The Spirit of the Lord is continually teaching and guiding us to truth, but we must listen—really listen—and then be prepared to respond. It does not matter whether your trial has come through family, friends, employment, education or health, the strength to continue can be found in these pages. Move closer to the Lord with the wisdom in *Thresholds to Greater Glory*.

Becoming a Vessel for God's Glory Mar 04 2020 *Becoming a Vessel for God's Glory* is about a young man Mathew who grew up in a neighborhood infested with drugs, gangs, and promiscuity. However, in the midst of this, Mathew knew that God had a plan for his life, a plan to give him a future and hope.

Unmanned and Autonomous Ships Oct 11 2020 Unmanned ships and autonomous ships are quickly becoming a reality, making shipping safer and more efficient. However, traditional tasks and functions are becoming blurred as new technology changes how the unique needs of different sectors are met. In addition to large vessels dedicated to the transport of goods and cargos across the oceans, major efforts are underway towards the automation of small coastal shipping that includes ferries, tugboats, supply and service vessels, and barges. Automated vehicles are also replacing conventional ships for inspecting and servicing pipelines, drilling platforms, wind farms and other offshore installations. Automated shipping is explored in terms of economics, technology, safety and the environment under the broad themes of ship design and engineering, command and control, navigation, communications, security, regulatory issues, and training. This includes initiatives for autonomous shipping as well as civilian implications of military ship automation programs. This book is primarily for maritime professionals, regulatory authorities, insurers, and environmental groups. It also suits undergraduate students involved in deck officer training, and graduate students and academics involved in research in ship design, operations and management.

Becoming a Vessel of God's Power May 30 2022 Joseph woke up in a palace. Peter led 3,000 to Christ with one sermon. The walls of Jericho fell with a shout. The waters of the Jordan parted while the Israelites slept. When fire fell from heaven on Elijah's sacrifice, it didn't start as a "spark to get the fire going." It fell in a consuming fire, not demonstrating a reward for Elijah's faithfulness but demonstrating God's power. Throughout the Bible, when God showed up, everyone knew it. And so can you—today! Drawing on Scripture, church history, personal experience, and contemporary examples, Donna Partow walks you through a month of daily steps toward becoming a conduit of God's power. This thirty-one-day guide is also usable as a program for small group discussions over the course of eight weeks, and includes a leaders guide, plus tools like exercises for applying truths to everyday life, and cards to copy or cut out with key verses and principles. God's power is the same today as yesterday and forever. And you can experience it here and now.

Killing the Second Dog Sep 29 2019 "Hlasko's story comes off the page at you like a pit bull."—The Washington Post "His writing is taut and psychologically nuanced like that of the great dime-store novelist Georges Simenon, his novelistic world as profane as Isaac Babel's."—Wall Street Journal "Spokesman for those who were angry and beat . . . turbulent, temperamental, and tortured."—The New York Times "A must-read . . . piercing and compelling."—Kirkus Reviews "A self-taught writer with an uncanny gift for narrative and dialogue."—Roman Polanski "Marek Hlasko . . . lived through what he wrote and died of an overdose of solitude and not enough love."—Jerzy Kosinski, author of *The Painted Bird* and *Being There* "A glittering black comedy . . . that is equally entertaining and wrenching." — Publishers Weekly "The idol of Poland's young generation in 1956." — Czeslaw Milosz, 1980 Nobel Prize in Literature Robert and Jacob are down-and-out Polish con men living in Israel in the 1960s. They're planning to run a scam on an American widow visiting the country. Robert, who masterminds the scheme, and Jacob, who acts it out, are tough, desperate men, adrift in the nasty underworld of Tel Aviv. Robert arranges for Jacob to run into the woman, whose heart is open; the men are hoping her wallet is too. What follows is a story of love, deception, cruelty, and shame, as Jacob pretends to fall in love with her. It's not just Jacob who's performing a role; nearly all the characters are actors in an ugly story, complete with parts for murder and suicide. Marek Hlasko's writing combines brutal realism with smoky, hardboiled dialogue in a bleak world where violence is the norm and love is often only an act. Marek Hlasko, known as the James Dean of Eastern Europe, was exiled from Communist Poland and spent his life wandering the globe. He died in 1969 of an overdose of alcohol and sleeping pills in Wiesbaden, Germany.

Becoming a Vessel of Honor Apr 16 2021 A vessel of honor is a person whose sole intent in life is to live for God and not for himself. This ultimate desire to please God drives him to seek an intimate relationship with God more than anything else he does for Him. He loves God for who He is and not for what God has done for him. The prayer of his heart is always for God to work in him before He can work through him; and as God gives him grace to minister to others, he uses every opportunity to glorify Christ alone. His agenda is to be an avenue through which God can dispense His love and grace to a world that is wounded and lost. A vessel of honor does not care for recognition or the praises of men; his delight is in taking the place of a servant in order to do the will of his Master.

Becoming Human Dec 01 2019 Argues that blackness disrupts our essential ideas of race, gender, and, ultimately, the human. Rewriting the pernicious, enduring relationship between blackness and animality in the history of Western science and philosophy, *Becoming Human: Matter and Meaning* in an Antiracist World breaks open the rancorous debate between black critical theory and posthumanism. Through the cultural terrain of literature by Toni Morrison, Nalo Hopkinson, Audre Lorde, and Octavia Butler, the art of Wangechi Mutu and Ezrom Legae, and the oratory of Frederick Douglass, Zakiyyah Iman Jackson both critiques and displaces the racial logic that has dominated scientific thought since the Enlightenment. In so doing, *Becoming Human* demonstrates that the history of racialized gender and maternity, specifically antiblackness, is indispensable to future thought on matter, materiality, animality, and posthumanism. Jackson argues that African diasporic cultural production alters the meaning of being human and engages in imaginative practices of world-building against a history of the bestialization and thingification of blackness—the process of imagining the black person as an empty vessel, a non-being, an ontological zero—and the violent imposition of colonial myths of racial hierarchy. She creatively responds to the animalization of blackness by generating alternative frameworks of thought and relationality that not only disrupt the racialization of the human/animal distinction found in Western science and philosophy but also challenge the epistemic and material terms under which the specter of animal life acquires its authority. What emerges is a radically unruly sense of a being, knowing, feeling existence: one that necessarily ruptures the foundations of "the human."

The Weaker Vessel Aug 21 2021 The renowned historian and biographer Lady Antonia Fraser, author of Marie Antoinette, investigates the lot of women in seventeenth-century England. Drawing on period diaries, letters, and other papers, Fraser sketches portraits of a variety of women, both highborn and humble, during the tumultuous century between the death of Elizabeth and Queen Anne's assumption of the throne. More than a collection of female biographies, *The Weaker Vessel* offers fresh insight into its subjects' attitudes and lives, with appearances by heiresses and dairy maids, holy women and prostitutes, criminals and educators, widows and witches, midwives and mothers, heroines, courtesans, prophetesses, businesswomen, ladies of the court, and that new breed, the actress. "An almost encyclopedic chronicle of women in 17th century England...wives, warriors, heiresses, preachers... alive with anecdote after anecdote." – The New York Times Book Review

Vessels of Honor Jan 26 2022 What is a vessel of honor? And how can I become fit for the Master's use? We are all vessels or containers. Yielded in His Hands Feb 12 2021 Jeremiah Chapter 18 and Psalm 40 liken God to the Great Potter of our lives, molding us and shaping us according to His perfect plan. Emily Rose Massey shares her testimony of how the Lord delivered her out of the filth and bondage of sexual sin and into the glorious light of His saving grace. When she set her feet firmly on the foundation of Jesus Christ and allowed God to chisel away parts of her marred heart with His Spirit and Word, He was able to mold her into a beautiful vessel fit for His use. But this only happened when she yielded her life absolutely to Jesus and truly made Him Lord of her life. Using the steps a potter takes to complete a masterpiece made of clay as the structure of her testimony, the reader is afforded a glimpse into the life of the author, whose transparency and honesty provide a view of her journey from brokenness to beauty, through the strength and power of Jesus Christ.

Vessel Jun 18 2021 "Essential reading for anyone interested in contemporary life in China, and highly recommended for memoir enthusiasts in general." -- Library Journal (starred review) "Chongda paints a tantalizing portrait of a changing China in his dazzling English-language debut. [Vessel] shines with the bright talent of an excellent storyteller." -- Publishers Weekly An unprecedented and heartfelt memoir that illuminates the lives of rural Chinese workers, offering a portrait of generational strife, family, love, and loss that crosses cultures and time. Cai Chongda spent his childhood in a rural fishing village in Fujian province. When his father—a former communist gang leader turned gas station owner—has a stroke that partially paralyzes him, his responsibilities fall to Cai, his only son. Assuming his new role as head of the family, Cai toils alongside his mother and older sister to pay the medical bills that have become a part of a rapidly changing Chinese society. As Cai works his way through university and moves to Beijing, eventually becoming the editorial director of GQ China, he finds his life increasingly at odds with the family he supports but has left behind. Like *The Glass Castle* and *Hillbilly Elegy*, *Vessel* neither romanticizes nor condemns the people and circumstances that shaped a young man's life, but instead offers a way forward, revealing how tradition can enrich modern life. Translated from the Chinese by Dylan Levi King

God wants you to be free. In this powerful little book, Gloria Copeland outlines the steps you can take to get back on the road to living holy. It doesn't matter if the strongest addiction in the world is holding you back. God can set you free. Christians today have more revelation of the Word of God than any other generation. The Last Supper Jan 02 2020 "A compelling story of the ethnic cleansing of Christian communities caught in the crossfire of the Middle East at war . . . Urgent and passionate" (Kirkus Reviews). In 2013, alarmed by scant attention paid to the hardships endured by the 7.5 million Christians in the Middle East, journalist Klaus Wivel—who practices no religion himself—traveled to Iraq, Lebanon, Egypt, and the Palestinian territories on a quest to learn more about their fate. He found an oppressed minority, constantly under threat of death and humiliation, increasingly desperate in the face of rising Islamic extremism and without hope that their situation would improve, or anyone would come to their aid. Wivel spoke with priests whose churches have been burned, citizens who feel like strangers in their own countries, and entire communities whose only hope for survival may be fleeing into exile. With the increase of religious violence in recent years, *The Last Supper* is a prescient and unsettling account of a severely beleaguered religious group living, so it seems, on borrowed time. In this book, Wivel recounts this humanitarian crisis in detail and asks why we have not done more to protect these people.

Vessel of Destruction Jul 28 2019 If there is one truth that I hold to in my life, it is that when it rains, it pours.Perhaps that is why I built myself not for the everyday storms most experience.But for the hurricanes I have had to learn to withstand.I know what it is like to feel your heart crack in half like a tree that snaps under too much pressure.I know the bone-deep, all-consuming, numbness that sets in when the wind and the cold and the water become too much.I know the desperation that claws under the surface as you try to wait through the night, and hope that come the dawn, the storm has passed.But perhaps, most importantly, I know how to survive.Or really, I am too spiteful to die.Either way, my world is falling apart around me. Death and destruction are knocking on my door. And a storm is coming. One unlike anything we have ever encountered before.This time it is not Anastasia I will face on the battlefield, but the one who calls to me. The one I cannot face.This is one storm I don't know if I will survive . . . or if the price of living is too high.

The Living and Practical Way to Enjoy Christ Dec 25 2021

Vessels: A Love Story Nov 23 2021 An unforgettable portrait of a marriage tested to its limits. When Dan, a writer with a passion for underground comics, and his wife Bekah, a potter dedicated to traditional Japanese ceramics, met through a mutual friend, they swiftly fell in love. "Of all the women I've ever met," Dan told a friend, "she's the first one who felt like family." But at Christmas, as they prepared for the birth of their first child, tragedy struck. Based on Daniel Raeburn's acclaimed New Yorker essay, *Vessels: A Love Story* is the story of how he and Bekah clashed and clung to each other through a series of unsuccessful pregnancies before finally, joyfully, becoming parents. In prose as handsomely unadorned as his wife's pottery, Raeburn recounts a marriage cemented by the same events that nearly broke it. *Vessels* is an unflinching, enormously moving account of intimacy, endurance, and love.
